

**Inaugural Metabolomics Symposium on
Clinical and Pharmaceutical Solutions through Analysis
(CPSA Metabolomics 2015)**

Clinical & Translational Science Institute

University of Florida

Gainesville, Florida

February 18, 2015

"Obtaining ratios of concentrations where those concentrations were determined using standard quantitative protocols, provides a quantitative expression of the relative state of metabolism for metabolites." - Donald Chace, Pediatrix Analytical

Plenary Lecture at CPSA Metabolomics!

We are delighted to formally announce our distinguished plenary speaker, Professor Richard A. Yost, University of Florida, at the inaugural [CPSA Metabolomics 2015](#). Rick will share his experiences and visions with innovative mass spectrometry and metabolomics. The meeting will also feature symposia sessions, laboratory tours, one-on-one interactions with post-docs and graduate students, and social events!

CPSA Metabolomics 2015 At-A-Glance

- Tuesday, February 17
 - Evening Reception
 - TBD

- Wednesday, February 18
 - Program Chair - Timothy Garrett, University of Florida
 - Plenary Lecture
 - Innovation(s) in Mass Spectrometry and Metabolomics - Richard A. Yost, University of Florida
 - Symposium Session
 - Current and Future Needs of Mass Spectrometry in Clinical Sciences
 - Chair - Timothy Garrett, University of Florida
 - Neonates and Rare Diseases - Roy Vaz, Sanofi
 - Metabolic Disease Testing: More Than Organic and Amino Acids, Acylcarnitines and Inborn Errors - Cheryl Garganta, University of Florida
 - Fringe Quantification: Innovative Approaches for Multianalyte Analysis and the Generation of Multiple, Patterned Data Sets - Donald Chace, Pediatrix Analytical
 - Symposium Session / Lunch Roundtable
 - Opportunities and Advancements in Instrumentation for Metabolomic Analysis
 - Chairs - Kenneth Lewis, OpAns and Gary A. Valaskovic, New Objective
 - Hyphenated Techniques for Metabolomics: Furthering the Integration of HPLC and MS - Shane Needham, Alturas Analytics
 - Advanced Solutions for Discovery Metabolomics - Baljit Ubhi, AB SCIEX
 - TBA, Thermo Fisher Scientific
 - Improved Tools for DBS Collection and Analysis - Kenneth Lewis, OpAns

- Visit the recently updated [program agenda webpage](#) for more information and details on the featured sessions and events at CPSA Metabolomics 2015!

Accommodations and Travel

Hotel accommodations can be made at the [Hilton University of Florida Conference Center](#). The University of Florida Clinical & Translational Science Institute is located at 2004 Mowry Road (see [campus map](#)) 8.5 miles from the Gainesville Regional Airport (GNV). CPSA Metabolomics will be held in Room CTRB 3161/3162.

Registration

Registration for CPSA Metabolomics 2015 is open! Click on the [registration link](#) and register today!

Upcoming Events!

- [CPSA Shanghai 2015](#) - April 15-18
 - Connecting the Dots: Sharing Science Across Disciplines Helps Projects Progress
 - Program Chair - Philip Timmerman, Janssen Research & Development
- [CPSA BRASIL 2015](#) - August 3-5, 2015
 - On the Way to Innovation: Pharmaceutical/Analytical Technology, Regulation and Knowledge Management
 - Program Chair - Rafael Barrientos, Europharma
- [CPSA USA 2015](#) - October 5-8, 2015
 - Getting Medicines to Patients Faster by Eliminating the Bottlenecks in Drug Discovery and Development
 - Program Chairs - Chad Briscoe, PRA Health Sciences and Naidong Weng, Janssen Research & Development

CPSA Network - Be Yourself! See Yourself!

Think big and stay connected year round via the [CPSA Network](#)! Here are some recent uploads:

- CPSA USA 2014 - [Distinguished Analytical Scientist Award Lecture](#) (Kevin Bateman, Merck)
- CPSA USA 2014 [Award Introduction](#) (Lucinda Cohen, Merck)

CPSA is User Friendly!

CPSA attracts sponsors, thought leaders, and participants who are dedicated to the spirit of cooperation to achieve common goals. Imagination needed.
